Myanmar Mission Prayer Letter

Prayer Letter: August, 2018

suburb area of Yangon City. He is organizing key people and even conducting worship service on the Lord’s Day every week. We see his ministry is very fruitful.

So please pray for Mr. Peka that:

- 1) the Lord will bless his church planting work;
- 2) he may become the new PMU church planter;
- 3) his wife (Tluangte) may become pregnant and bear sons and daughters. (They have been praying for a baby for years now.)

Friends, thank you once again

for your prayer support. It is always so encouraging knowing that the people of God like you are praying for us.

Sincerely in His service,
